PERSONAL PROFILE

I am a professionally qualified Software Engineer looking forward to gaining more exposure, knowledge and experience in the IT field to enable me to come up with innovative solutions to the world's day to day problems. My current employment has equipped me with good planning, organisational and decision-making skills as well as the ability to work under pressure, adhering to strict deadlines. I am a disciplined, reliable, enthusiastic, self-motivated and hard working individual who is keen to learn and implement new concepts. Taking instructions from all levels and building good working relationships with all colleagues are some of the attributes I possess.

OBJECTIVE

To work in an organization which provides me with ample opportunities to enhance my Software Engineering skills and knowledge along with contributing to the growth of the organisation
